

PHI LAMBDA RHO

FEBRUARY 1969

MR

PRESIDENT'S MESSAGE

Now that a new executive has taken office, every brother of our fraternity is looking forward to a new policy or a new trend. We ought first of all to discuss the involvement of fraternity members.

When a man elects to join a fraternity, he personally makes a physical, spiritual and financial commitment to an organization called a fraternity but, most important, he makes a commitment to himself. Brothers who do not fulfill their commitments and obligations to their fraternity are not only cheating themselves and acting irresponsibly, but are also the main causes in the failure of their fraternity.

Luckily so far, our fraternity brotherhood has a sense of participation in what is going on. We are having almost 100% attendance at all general meetings and at most of our social, cultural and athletic events. I certainly hope that this trend will never change in the future years to come.

It is the policy of the new executive to strengthen and to maintain friendship among all brothers and to fulfill the aims of Phi Lambda Rho which are to promote fellowship and mutual aid and to co-operate internationally among pre-medical students.

Another policy is to strengthen the position of Phi Lambda Rho on the Loyola campus and in the Montreal area. To do that, we are increasing the public relations aspect and we are trying to become an officially recognised professional fraternity on campus.

It is not only the nine members of the executive committee that will strive to make those policies become concrete forms, it is the whole brotherhood because we are all of us one body, one unity, one brother.

SOCIAL REPORT

On Friday, January 10, 1969 the Phi Lambs again demonstrated athletic prowess in the face of adversity by tackling the St. Mary's Saints in a broomball game. The game started off to a good pace with the Phi Lambs quickly scoring on Robert (Bobby Pin) Delorme in the Saints net. However, the nurses using their teeth and nails to good advantage got the goal back, Scoring on a penalty shot against Lionel (Bear-Lug) Hunt.

Again the Lambs came back with Bear-Lug rushing the length of the ice to beat a hapless Bobby again. John (Left-Foot) Vary was injured when tackled by a passionate person or persons unknown. The refs Zenon (Blind-Bat) Bednarsky and Brian (Cross-Eye) Wilcock threw -er- refed a good game but nevertheless we went on to win 3-2. A bitter pill for the nurses to swallow indeed, Ah well girls a little bit of sugar-----.

We the victors retired gracefully with the vanquished to the Fraternity House for a "Boss Bash". Many thanks girls.
And in the immortal words of Edgar Garcia-Kill: "If your left side is going to be paralyzed, then move it to the right."

Christmas Party

A lot of our brothers will remember December 21st as the night before their big hanhover. On that night the Christras Party was held at the Fraternity House on Sherbrooke St. West. About 24 couples were present and Dean Uhlein "honoured" us with his presence for part of the night. Music and dancing was continuous. Wine and Liquor were flowing unchecked and everybody, but everybody had a ball !!! Hic

Dave Turner's Stag

On the occasion of Dave Turner's wedding, the fraternity held a fantastic Stag Party for him on January 4th, 1969. The big bash started at the Frat House with some alumni and most brothers present. After making Dave half drunk, we all went to play broomball using a full moon as our only light. That was real fun. Dave (Pinhead) Turner kept falling down and we were all worried that he breaks an arm or twist an ankle one week before his wedding. After about one hour of play, we all piled up in the cars available and proceeded downtown with a big racket; every driver banging his horn and drag-racing on St. Catherine Street. We ended up in a small restaurant where everybody had a nice dinner. And thus we departed from each other, barely sober to drive home. Wow...

ACADEMIC REPORT

The year 69, with a little luck and work will be as good, if not better than the preceeding year for the academic chairmanship.

This year we plan, as in former years, to persue a policy of obtaining informative talks from professional people in the medical field. Moreover, we plan to enlarge and expand our library which in the near future will be placed on shelves in the fraternity house. A library index system is also in the planning. Informative and scientific magazines have also been ordered so as to keep the fraternity in line with current events in our field.

As always, a lot depends on the brothers of this fraternity. We must attend the talks and use the expanded facilities of our library so as to maintain our academic excellence among all the fraternities at Loyola.

We are looking forward to an enlightening and informative year.

Academic Chairman

ATHLETIC REPORT

Hockey : Intramurally, we have not had what one could call a good year, but although the flesh may be weak, the spirit is surely there. For example in the Phi Lambda Kho vs Psychology game, the score was 6 - 11 respectively, with Mike Mullins tallying one goal, Berny Raymond one, and Gordy MacNeil racking up four impressive goals. In a following game, John Vary and Jim Robertson each plunked in one goal to tie a game with Engineering. Mike Mullins valiantly tried to win it for us, but he was robbed when it rebounded from a post. (We won't say if the post was inside or outside the net).

Broomball : In the broomball area, we tied Economics at 0 - 0, but went down to history 5-0. We did win a game by default against the West Indian Club.

BasketBall : On the basketball court, we lost to the Psyches 56-28, with Pete Collins and Bob DeLorme trying hardest. We again tried against Delta Epsilon but lost by a maddening 24-23. Thanks to the inspired play of Pete Collins, Howard Mui, Brian Wilcock, Ray Oneson and Bob DeLorme, we managed to hold them to only 3 points during the second half, only time ran out.

We did manage to win a very important game, the one against Radio-Loyola and you could hear the name of Phi Lambda Kho on the radio in the c.f, Kingston hall and all over campus. - Well I guess the publicity can't do us any harm.

We do have a few events coming up during Carnival Week - Such as the Dog Sled Race (1st prize : a keg of rum). We'll be doing our darndest to win.

Lionel Hunt

RUSHING REPORT

Once again we had a successful Rush Period. This period ended in November 29, 1968. The pledges were sworn in as brothers just before the dinner, then all proceeded to the Founder's Day Dinner which was a success except for lack of alumni. The new brothers presented to the brotherhood their pledge project: a beautiful photo album. After the dinner, the usual stag was held at Hugh Freeman's place and was judged a huge success by everyone including the landlord.

The new brothers are : Ray Oneson, Mike Mullins, Jacques Goldberg, Nestor Demianczuk, Lionel Hunt, John Yap, and Dominic Leung. All are eager and many are in executive positions.

A new Rush Period starts on January 28, 1969 and best wishes to Mike Mullins who is now the new Rush Chairman. Thanks go to Willy Kutteh who played an important role as Pledge Education Chairman for the last period.

Robert Delorme -Rush Chairman 68
Mike Mullins -Rush Chairman 69

WINTER CARNIVAL 1969

Once again, that time of year rolls around. The time for wine, women and song and whatever else the imagination thinks of.

The week long drunk lasts from February 3 to February 7. We will compete in the Sculpture and the Dog Sled Race. The original snow sculpture is an 8foot high heart held by a hand but most likely it will end up as an eight foot prune!"poor Father Cronin and poor Father Drummond. We would like to thank Father Cronin for the design.

For the first time, we will enter the dog sled race which will be on Wednesday February 5 at noon. The design for the slay is 8 brothers in colorful pyjamas with nightcaps with a girl in bed - typical heh!! First prize is a keg of rum (480 oz) - from then on who cares???

February 7, if we ever survive, is the night of the Sno-Ball at the Slovak Hall. Tables with reserved signs will be held for Phi Lambda Rho.

The social chairman, Ray Oneson, decided to keep the Fraternity House open during the whole Carnival Week with record music in case any brother would like to come with his date and dance for a while.

Well that's it. Have a ball, d'you hear...

BRIEF NOTES

- 1- A party for all brothers and their dates will be held at the apartment of John Yap in the near future. (Second or third Saturday of February). All Alumni are invited and the brothers hope to see some in attendance. (Date will be sent)
- 2- The new Historian has a grave responsibility to handle! He will, within the next two weeks receive the Fraternity Photo Album. Since he is an accomplished photographer, I'm sure Howard Mui will acquit himself well while in office.
- 3- David Turner's wedding with Diane Brisbois was held on Saturday January 11, 1969. Mr. and Mrs. Turner then went to beautiful Switzerland for their honeymoon. They are back in Montreal now and live in the Montreal suburb of LaSalle.

Note : AWARDS NIGHT WILL BE HELD THIS YEAR ON MARCH 14.
ALL ALUMNI SHOULD ATTEND

EDITOR'S NOTE

Although this Newsletter is not exactly a designer's dream, I hope it makes up for its rough exterior with CONTENT.

IN FUTURE, A BULLETIN, AT LEAST, WILL BE SENT OUT MONTHLY.

I would like to thank the respective chairmen for their co-operation in handing me their various submissions on Time.

Special thanks to Mike Kuzayk for his typing.
